## THE BEST AIR-ACTIVATED TECHNOLOGY

- ✓ Made in U.S.A. which provides greater control of the product between factory and the shelf, HotHands® are made using state-of-the-art manufacturing capabilities in North Georgia Pharmaceutical Company.
- ✓ Product innovation: an exclusive exterior nylon coating applied to prevent moisture to penetrate the product, the pouch from disintegrating and damaging the product. An advantage over competitors using a paper derivative.
- ✓ Experts in air-activated technology with world-class engineering and technical capabilities.
- ✓ Products tested using the JIS test method (the only international testing standard for warmers).
- ✓ HotHands® warmers produce consistent, long lasting, and stable heat.
- ✓ 4-Year Shelf life.
