RHINO GLOVES

Latex Work Gloves

These latex work gloves provide excellent protection for the hands. They are non-slip and offer a very good grip. High visibility color contrast provides added security in low light areas and makes them easy to find in the toolbox or on the jobsite.

- Gloves for multiple use
- Knit, polyester and latex foam glove
- Orange and black
- One size (10 inches)

RHINO GLOVES

Cowhide Lined Gloves

Cowhide leather offers excellent durability and good abrasion resistance. Common applications include light welding, construction, agriculture, machinery, rope, utility work and many other general work applications. Lined in boar, this glove is perfect for outdoor work in winter.

- Grey cowhide leather
- Back in yellow cotton canvas
- Boar lined interior, ideal for outdoor work in cold weather
- Cut-out sleeve for a comfortable fit
- Washable
- One size (11 inches)

RHINO GLOVES

Cotton Work Gloves

Cotton work gloves for light duties are designed to protect your hands and keep them clean. They are made of a blend of polyester and cotton for added comfort. Cotton fibers provide all-natural breathability that helps prevent your hands from overheating during demanding shifts and outdoor work in the sun. These gloves have snug, knit cuffs that keep dirt and debris out.

- Cotton and polyester gloves
- White with fitted cuffs
- One size (9 inches)
